

Banking. Investments. Insurance.

Dear American Home Choice Guest:

Huntington Bank has chosen American Home Choice affiliated communities to partner with in the manufactured housing industry. We have been consistently impressed with the American Home Choice and Liberty Communities business practices, quality and ethics and have chosen their communities to offer the best financing terms in the industry. We believe that their attention to detail in community development and management will allow homes financed to retain value better than if those homes were placed in other manufactured housing communities.

Sincerely,

Maureen Yombor-Reedy
Vice President
Direct Consumer Lending
